

Hospital Engineering CPD Course 2018

Organized by
**The Institute of Healthcare Engineering and Estate
 Management Hong Kong Branch**

The purpose of the course is for the participants to be familiar with the design and operational concepts associated with the healthcare and laboratory facilities. Due to the expanded facilities and infrastructures for the healthcare industry, a tailor-made CPD course specially designed for our engineers are prepared.

The Department of Electrical Engineering of the Hong Kong Polytechnic University, CIBSE Hong Kong Branch, HKIE Building Services Division and ASHRAE Hong Kong Chapter are the supporting organizations to the course and their members can register with the member rate.

Date	Time / Venue	Subject	Speaker	Summary of Subject Area	Fee
30/1/2018 (Tuesday)	7:00pm – 9:00pm Lecture Room: ST111	Design Considerations for Healthcare & Laboratory Facilities	Ir Kam Liu (Vice Chairman of IHEEM Hong Kong Branch)	<ul style="list-style-type: none"> – Relevant laboratories guidelines and principles on planning, designing and construction in healthcare facilities; – Key considerations for providing safe and reliable facilities operation. 	Member HK\$700 Non-Member HK\$800
