### Background:

The mission of American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) is to advance the arts and sciences of heating, ventilating, air conditioning and refrigerating (HVAC&R) to serve humanity and promote a sustainable world. ASHRAE has supported research to improve quality of life. ASHRAE Research impacts the industry by advancing the way HVAC&R systems work and the way in which they are applied, and allowing development of technical information to create standards and guidelines which serve as the basis for testing and design practices around the world. Over US\$2 million raised annually to help fund US\$10 million in research projects and student grant-in-aids. Contributions come from more than 6,700 members, non-members, and companies. 100% of all funds raised go directly to research projects that support the HVAC&R industry. Please visit [www.ashrae.org/rp](http://www.ashrae.org/rp) for more details on ASHRAE Research Promotion.

For fundraising to support ASHRAE research, ASHRAE Hong Kong Chapter will organize an ASHRAE Walk in Sai Kung National Geopark on 25 October 2014 (Saturday). All donations from sponsors in this event will be 100% contributed to ASHRAE Research.

### Application:

Open to all interested persons, but priority will be given to ASHRAE members and their family.

There are 2 types of application forms for Individual Participant and Group Enrolment respectively:-
