

## **ASHRAE RP Golf Tournament 2015-16 at Fengguangshan China**

### Background:

The mission of ASHRAE is to advance the arts and sciences of heating, ventilating, air conditioning and refrigerating (HVAC&R) to serve humanity and promote a sustainable world. ASHRAE has supported research to improve quality of life. ASHRAE Research impacts the industry by advancing the way HVAC&R systems work and the way in which they are applied, and allowing development of technical information to create standards and guidelines which serve as the basis for testing and design practices around the world. Over US\$2 million raised annually to help fund US\$10 million in research projects and student grant-in-aids. Contributions come from more than 6,700 members, non-members, and companies. 100% of all funds raised go directly to research projects that support the HVAC&R industry. Please visit [www.ashrae.org/rp](http://www.ashrae.org/rp) for more details on ASHRAE Research Promotion.

2. During the Tournament, please always keep up with the group in front. If your group cannot keep up with the group in front, the flight leader (player highlighted at the flight schedule) should control the speed of play by all possible means such as by only allowing one practice stroke, stopping players to continue after 3/4/5 over for a particular hole (i.e. double par), forcing ready golf (whoever is ready, hit first), etc. If your group is too slow and forced by the Club Marshall to skip a hole, the whole group would have the score of double par for that hole.
3. If a ball is lost in water or other hazard (yellow or red stakes), the player may, under the penalty of one stroke, drop a ball near the margin of the hazard. However there must be reasonable evidence that the ball lodged in the hazard. If available, Drop Zone must be used. For ball lost and out of bound, use drop zone or drop the ball at the point of entry with a penalty of **ONE** strokes.
