
Half Day Visit to an Industrial Cold Store

Date : Jan 14th, 2017 (Sat)
Time: 10:15am to 12:00 noon (registration starts at 10:00am)
Venue: Kerry TC Warehouse 1
3 Kin Chuen Street, Kwai Chung
https://www.kerrylogistics.com/tch/OUR_EXPERTISE/IntegratedLogistics/WarehousingDistribution/wdhk/images/Cold%20Store%201-Hong%20Kong_Dec2012.pdf

Introduction:

Cold storage plays an important role in the preservation of food before they reach consumers. In this visit participants will be able to take a look at **different types of cold store insulation** including prefabricated panels and insitu sprayed on insulation, advance cold room doors, and different types of industrial refrigeration systems not available in commercial cold stores, including **2-stage liquid overfeed system** incorporating intercoolers, refrigerant pumps, and direct expansion systems employing **economizers**.

Instruction Media: Cantonese with presentation material in English

Fee: Free of charge for ASHRAE members Only.
(2-hour CPD certificate will be provided.)

Application: Registration is opened to ASHRAE Members only.
Please complete and return the application form by e-mail to “workshop_14_jan_2017@yahoo.com” before 10 Jan 2017 (Tue). Number of participants is limited to 20. Places will be allocated on a first-come-first-served basis. Successful applicants will be informed individually by e-mail on or before 11 Jan 2017 (Wed).

Remarks: Participants are strongly advised to:

- 1) Bring along suitable clothing good and convenient enough for environment as cold as -25°C but as hot as +40°C as well. Cloths may get stained inside the warehouse and the plant room areas, kindly please note.
- 2) Wear non-slip shoes
- 3) Advise ASHRAE HK name of the person to be contacted in case of emergency and associated mobile phone number.

Participants having chronic complications, such as cardiac or respiratory conditions, are also welcome but they must consult their doctors before enrolling in this visit.
