

Joint Technical Visit to CLP Energy Efficiency Experience Centre (EEEC)

Date, time & venue

2017-02-17; 04:00pm to 05:30pm; CLP Sham Shui Po Centre

This visit is a joint activity among HKIE-BSD, ASHRAE-HKC and CIBSE-HKB.

Programme Highlight:

Energy Efficiency Experience Centre (EEEC) is a 2,000 sq. ft exhibition area and provide energy solution that achieve greater energy efficiency and competitive advantage for commercial and industrial sectors through the use of interactive approach. It comprises 6 difference zones as follows

- Lighting Zone - Provide a real experience on lighting design theory and day light utilization.
- Mechanical Ventilation and Air Conditioning Zone (MVAC) – Provide customer experience on emerging energy efficient MVAC equipment.
- Heating Zone – Provide customer experience on a variety of heat pump applications.
- Optimization Zone – Display the application of proprietary simulation software to enhance energy efficiency and operational excellence of energy consuming systems.
- Inspiration Zone – Display innovative products and solutions by customers' need.
- Kitchen Zone – Display a full set of electrical cooking equipment in a real scenario of commercial Chinese kitchen.

CLP's Staff will deliver an introduction throughout the Energy Efficiency Experience Centre (EEEC).
