

Technical Visit to McQuay & AAF Factories

Date : 25th November, 2017 (Saturday)

Venue : McQuay & AAF Factories

Location : PingHu Shenzhen

Time : 08:30—16:00

McQuay is one of the largest air conditioning, heating, ventilating and refrigeration company in the world. The company provides flexible HVAC solutions with reliable products. This visit will provide a comprehensive tour of McQuay's production line illustrating how air-conditioning equipments, e.g. split units, fan coil units, air handling units, and chillers as well as air filtration products being manufactured and how testing being carried out in order to guarantee the quality and performance of the products. It is a golden chance for you who are interested in the advanced manufacturing technology and get to know more about air-conditioning industry.
