

ASHRAE Event: Technical Visit to Tin Shui Wai Hospital (TSWH)

Date: 27 January 2018 (Saturday)

Venue: Tin Shui Wai Hospital

Assembly Point: Main Entrance, Tin Shui Wai Hospital

Time: 10am – 12nn

Fee: *Free of charge*

Visit Highlights:

As the population of Tin Shui Wai was continuously grown, Tin Shui Wai Hospital, one of the new healthcare venues of the Hospital Authority (HA), was constructed in 2017 to provide specialist outpatient clinic, renal dialysis, allied health, diagnostic radiology, pharmacy, community nursing and daytime accident and emergency (A&E) services

There are several advanced technologies applied in this hospital. A wide range of high energy-efficient E&M facilities, such as heat recovery chillers, oil-free chillers and LED lighting system were installed to enhance the operational efficiency. To minimize the interruption to hospital services, various sensors were added to the pneumatic tube transport system to detect any trapped documents or blood samples and being retrieved in time. This visit is arranged to have tour guides to introduce system design, presented by the representative from the MEP Consultant i.e. Ove Arup & Partners Hong Kong Ltd.

Remark: 2-hour CPD certificate will be provided.

Registration & Enquiry:

Open to all ASHRAE members. Number of participants is limited to 30 persons and prior registration is required. For registration, please complete Registration Form in the following "[On-Line Registration Link](#)". The deadline of application is on 13th January 2018. Successful members will be notified by e-mail on or before 17th January 2018.

If typhoon signal no. 8 or black rainstorm signal is in force and still hoisted after 6am of 27th January 2018, the visit would be cancelled without further arrangement or notification. For enquiry, please send e-mail to Ms. Cindy Pun at cindypmw@gmail.com.
