**[Technical Talk on
Experience Sharing on Operation and Maintenance of Building Services System
for Data Centre](#)**

Date : 30 July 2015 (Thursday)
Venue : Room N002, The Hong Kong Polytechnic University
Time : 7 p.m. – 8:30 p.m. ; Registration starts at 6:30 p.m.

PROGRAMME HIGHLIGHTS

According to the Office of the Government Chief Information Officer, HKSAR, “*Hong Kong is an ideal location for Data Centres with our robust telecommunications infrastructure as well as geographical and strategic advantages*”. Hong Kong is a major financial and international trading and logistics hub and is home to many regional offices and headquarters of global corporations. This generates great demand for secure Data Centre facilities and services to support business growth in the Mainland of China and the region. The demand for Data Centres in HK is surging and will continue to increase in coming years.

Data Centres are linked with various Building Services System and their stability is one of the crucial factors leading to Data Centres’ success. In this seminar, the honorable speaker will share his valuable experience on those best practices on the operation and maintenance on the Building Services System for Data Centres, and the common problems that are facing in daily operation will also be discussed.

Co-organizer:

Ir Chris Ting BSc(Hons), MBA, MBSOMES, MCIBSE, MHKIE, MIFMA, CEng, RPE, FMP

Ir Ting is the General Manager, Operations of HKT Facilities Management and overall in-charge of the facilities management service delivery to PCCW and HKT portfolio and associated clients in Hong Kong.
