### Technical Talk on “Electric Vehicle (EV) Charging Infrastructure for New & Existing Residential Buildings”

#### Details

Date : 24 November 2015 (Tuesday)

Venue : Jockey Club Lecture  
 Theatre, IVE (Morrison  
 Hill), 6 Oi Kwan Road,  
 Wan Chai

Time : 7:00 - 8:30pm; Registration at 6:30pm

#### Programme Highlights

The charging facilities are critical to the rapid development of the Electric Vehicle (EV) market, particularly for the pressing needs on both new and current residential buildings in Hong Kong. In the seminar, both CLP Power and HK Electric will have representatives to share the challenges and experience on the installation of charging facilities as well as introduce their EV supporting services. The participants will understand more user-friendly options for installing EV charging facilities in the residential buildings and resolving the difficulties in the setup of EV chargers.
