Technical Seminar on the New Revision of BEAM Plus Existing Buildings (EB) v2.0

Date : 26 January 2016 (Tuesday)

Time : 7:00 - 8:30pm; Registration at 6:30pm

Venue : Jockey Club Lecture Theatre, IVE (Morrison Hill), 6 Oi Kwan Road, Wan Chai, Hong Kong

Programme Highlights

BEAM Plus Existing Buildings is a green building rating tool tailor-made for this locality existing buildings. The history of the tools traces back to 1996 when the tool was first known as The Building Environmental Assessment Method (HK-BEAM). With nineteen (19) years' experience, the latest edition of the tool is going to be released on 25 September 2015. This tool will feature enhanced applicability to aged buildings and increased flexibility for adoption. It is expected that the tool will be instrumental to green transformation of Hong Kong existing buildings. The technical seminar shall be presented by Ir CF Leung of Business Environment Council Limited ("BEC"). The content of the seminar includes introduction to BEAM Plus, overview of BEAM Plus EB v2.0 (new assessment frameworks: comprehensive scheme A & B and selective scheme), grading, credits and features of BEAM Plus EB v2.0 and aspect-related topics: management, examples of Energy Use (EU) and Water Use (WU) savings.

Speaker

Ir CF Leung, Director of Green Building and Indoor Air Quality ("IAQ") of BEC; he is a BEAM Professional, a Green Building Faculty Member, a Registered Professional Engineer, a Registered Energy Assessor, an accredited IAQ Signatory, a Chartered Engineer, a Chartered Environmentalist, a Chartered Water & Environmental Manager and a Certified Carbon Auditor Professional. CF specialises in green building advisory, carbon audit, energy efficiency and indoor environmental quality consultancy. CF recently completed a project to transform the BEC Headquarters to become the first commercial building in Hong Kong to achieve the Platinum Rating of Provisional Assessment under the BEAM Plus Existing Buildings Version 1.2. With the introduction of environmentally friendly features and practices, the project aims to enhance the energy efficiency of the BEC Headquarters and showcase the greening of existing buildings. CF also delivers BEAM Professional training courses. He is representing BEC in the Board of Directors of BEAM Society Limited.

Fee

Free of charge and a 1.5-hour CPD Certificate issued by BSOMES will be available.
