

**Continuing Professional Development (CPD)**  
***Technical Seminar “Water Losses in Supply and Drainage Systems”***

- Date** : 11 July 2019 (Thursday)
- Time** : 2:30pm – 5:30pm (2:00pm Registration)
- Venue** : Hong Kong Management Association, Wan Chai Centre  
Room 201, 2/F Pico tower, 66 Gloucester Road, Wan Chai, Hong Kong.
- Programme Highlights** : Damage to property from escapes of water in the UK costs approximately \$2BN per annum. This does not include the cost of development delays, the cost of non-revenue water and other consequently losses. The escapes are due to a number of factors from degrading and poorly maintained networks, to poor-designs and mismanagement of services. This seminar will cover the various escape types in detail, causes and what action has been taken in the UK to mitigate and manage the risks, connecting with relevant Waterworks Regulation/ Requirement. Several case studies will be presented, including a major seafront development, a large residential development and a main shopping street.
- Speaker** : Mr. Alexander Donald Wildish, Principal Consultant  
Engineering Forensics Limited (UK)
- Speaker Bio** : Mr. Alexander Donald Wildish has been working in the engineering field for over 17 years in UK, especially in losses of water, drainage, oil and heating features. His projects cover the investigation works of a wide-range of water ingress problems and mechanical failures in Europe.
- Participants** : 120 (*Registration is on first come first reserved basis*)
- Language** : Official language of the Seminar is English (no material will be distributed)
