Technical Visit to “Ryowo” Cooling Tower Manufacturing China Plant, Dongguan

27 June 2015

The RYOWO Group was founded in Hong Kong in 1978 who is the pioneer and manufacturer of fiberglass reinforced polyester (FRP) cooling towers in Hong Kong. Over the last three decades, Ryowo offers a full range of product lines in FRP, stainless steel and galvanized steel water-cooling towers.

With aim at developing and producing the entire cooling tower in-house so as to maintain high quality and cost effectiveness, Ryowo has 20,000m² manufacturing China plant at Dalang, Dongguan and more than 200 engineers and skill workers for technical research, material procurement, production, stock inventory, sales, delivery and after-sales service in a one-top basis.

During this technical visit, Ryowo will demonstrate the Cooling Tower Performance Testing Procedures and its application. Participants can understand the setup, processes and procedures of Cooling Technology Institute (CTI) certification.
