

Joint Technical Seminar on

“Advance and Effective Water Treatment Approach for Fresh Water Cooling Tower System”

Details

Date : 5 February 2015 (Thursday)

Venue : Seminar Room

Time : 6:30pm (Registration), 6:45pm -
8:00pm

HKIE Headquarters,
9/F Island Beverley, No. 1 Great
George Street, Causeway Bay, HK.

Programme Highlight:

This seminar is a joint activity among HKIE-BSD, CIBSE HK Branch and ASHRAE-HKC.

This talk will provide basic understanding on advance real time online monitoring and control chemical water treatment approach. Conventional chemical treatment and its performance limits will also be reviewed. Core technologies of the advance real time online monitoring and control treatment approach and how these technologies are applied effectively and efficiently for preventing cooling tower from the operational problems of corrosion, scaling and biological growth contamination will be focused.

Speaker

Mr. Philip K. P. Ho

Registration & Enquiry:

The Joint Technical Seminar is free of charge and prior registration is required. For registration, please register ONLINE via the website of HKIE(BSD) – <http://bs.hkie.org.hk/Home.aspx?SubMenuID=fb3bb37c-9998-4e98-9447-cf17074d9859>. The maximum number of participants is 80. Vacancy will be accepted on a first-come-first-served basis and distributed evenly among the three institutions as far as possible. Successful members will be informed by confirmation email **OR** Names of successful members will be posted on the website of HKIE(BSD) – <http://bs.hkie.org.hk/> no later than 30 January 2015 (Friday).

For enquiry, please contact Mr Jimmy Choy at 92582855 or Ir KT Cheuk at 92092155.
