

Joint Technical Seminar on
“Lightweight Structural Floor Systems”

Details

Date : 9 March 2015 (Monday)	Venue : Seminar Room
Time : 6:30pm (Registration), 6:45pm - 8:00pm	HKIE Headquarters, 9/F Island Beverley, No. 1 Great George Street, Causeway Bay, HK.

Programme Highlight:

This seminar is a joint activity among HKIE-BSD, CIBSE HK Branch and ASHRAE-HKC. An innovative structural floor system could benefit the construction industry in the ways of material saving, streamlined construction method, reduction of skill labor requirements, and improved structural quality. The captioned seminar will brief attendants on how the workflow of BS Engineers could be benefited by adopting such a structural floor system.

Speaker

Mr Billy Chu has gained extensive design and practical experiences as a structural engineer in both consulting and construction fields.
